The Brazilian Soul

Ever had a drink that tastes like Brazil?

Meet Limão Rosa. Built around a fruit you've probably never met — floral, gently spicy, unmistakably ours. This isn't just a gin. It's a one-way ticket to the extraordinary. And trust us: once you taste it, you won't forget.

Limão Rosa is Brazilian. The fruit is ours. The soul is ours. What's inside the bottle? Pure Brazilian character — bold, bright, alive. Even the leaves tell the story: deep green, aromatic, impossible to fake. This is what local really tastes like.

Then comes the first sip. You don't describe it. You feel it. Behind it: countless experiments. Over 100 recipes. Blind tastings. Relentless pursuit. All to capture one thing — the pulse of Brazil in a glass. Versatile enough to reinvent every cocktail it touches. A new playground for mixology.

When was the last time you experienced the best of Brazil? Now's the moment. We're taking it global — one sip at a time. Taste it. Feel it. Say yes to Limão Rosa.
